

香港工程測量師學會 THE HONG KONG INSTITUTION OF ENGINEERING SURVEYORS

Reported by: LIU Chun Kit

Title: Construction Project Progress Monitoring with Geographic Information System

Speaker: Mr. Andy Chan

Andy is currently practicing as a consultant for Civil 3D deployment for engineering offices and is only authorized trainer for the government subsidized Civil 3D CEF training course in Hong Kong.

Date: 16 July 2008 (Wednesday)

54 participants joined the CPD function and presented by Mr. Andy Chan at 1/F Hong Kong Productivity Council, 78 Tat Chee Avenue, Kowloon Tong. It was a joint function with Institution of Civil Engineering Surveyors - Hong Kong Region. Andy shared his experience in the implementation of Autodesk Civil 3D/ Map 3D for construction progress monitoring in various projects.
