The new elected 2001-2002 HKIES council members

(From left to right: Mr. Mannars Chan, Robin Shum, Eric Lo, Peter Wong, Alberich Yu, Ma Cheuk Wong, Law Kit Kuen, Stanley Kar, Steven Leung, Lai Hon Kit, Andrew Lee and Au Chi Kin.)

President's Speech

“Since the Institution founded in December 1995, I am happy to see the Institution is growing with the members. The following are five major points in the speech:

1. Education of the members has upgraded from average Diploma to Higher Diploma. We have 10% of the members have or going to have Postgraduate Diploma and Master Degree.
2. We are applying to be the FIG' member. The meeting in Soul (Korea) with FIG President and board members showing that we have reached the international professional standard and we have very good chance to be FIG's member in the coming year.
3. Some members of our Institution have been accepted as member of the Chinese Society of Geodesy, Photogrammetry and Cartography. We will maintain the good relationship with them.
4. Other than technical knowledge, we should explore ourselves to other knowledge such as management technique.
5. I am happy to see the growth of the 2nd generation in the Institution. I am sure they are capable to lead the Institution to further and prospect future.

Finally, we have to thank Prof. Chen and staff of LSGI HK PolyU for their helps in improving education and international link of the Institution.”

Chairman's Speech

“Welcome, Honored guests, and members. It is with great satisfaction that once again the Institution sees such good support with attendance from you all.

I wish to thank this year's committee for all the work they have put in running the Institution. Special thanks to the committee who organized this event headed by Alberich Yu and K.K. Law.

My report this year will be very brief. I am pleased to say that the survey work abilities of our members are and have been taken note of by other disciplines of the construction industry mainly the Engineers and Project Managers. We are 6 years old this year, still a baby by comparison. However, with your support plus maintaining our quality work will ensure our growth into a respectable adult. Thanks you.”

Annual Dinner

The HKIES annual dinner was held after AGM. Members and our honorable guests enjoyed the evening very much.

The newly elected 2001-2002 HKIES council members cheered with all members and guests

Technical Visit to Xian, China

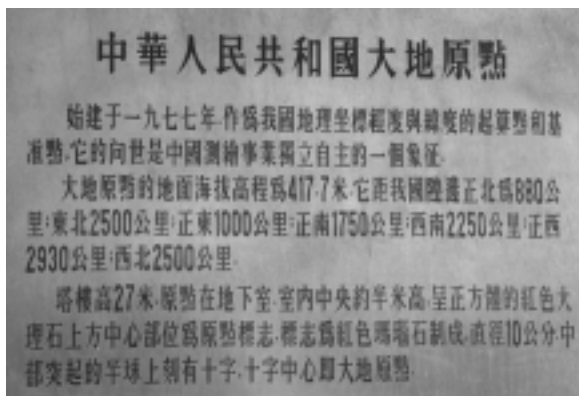

Group photo at Geodetic Origin Tower

The following is extracted from ICES Region News, written by Eric Lo:

The visiting group had fifteen members. It included members from HKIES, ICES and two ladies, who joined the tour with their husbands, had visited Xian, China mainland from 11-15 April 2001. The technical visit and sightseeing tour was organized by the Survey & mapping Society of Shanxi Province, the Aerophotogrammetry & Remote Sensing Bureau of China Coal (ARSC) and two Fellow members Song Dewen and He Zhangguo. Members visited the Survey & Mapping Administration, the Satellite Tracking Centre of China, the ARSC's Remote Sensing & GIS/Mapping Centre, the Geodetic Origin of China and the Museum of Terracotta Figures & Horses of Qin Dynasty.
