

HKIES – RICS Collaboration Announcement

For promoting the engineering surveying profession in Hong Kong and worldwide, direct entry arrangement has been established for both members of HKIES and RICS (Geomatics). Candidate has fulfilled specific requirements could apply direct entry route to Royal Institution of Chartered Surveyors (RICS). On the other hand, members of RICS (Geomatics) are welcome to join HKIES. This collaboration can benefit members from both institutions for promoting and raising the industry profile and standards in the future. For further information, please join the coming *CPD – [Direct Progression Arrangement among HKIES and RICS]* on 15Nov2016.
