More on the Speakers

Mr Justin K C Wong

Justin currently leads the Procurement Department of the Construction Industry Council (CIC). As a civil engineer by profession with 20 years of experience in construction projects, Justin specializes in contract advisory, claims preparation/evaluation, dispute avoidance and dispute resolution, and had acted as contract administrator, contract advisor, dispute manager and mediator.

Justin has been promoting construction law and dispute resolution through additional roles with the Chartered Institute of Arbitrators (CI Arb) East Asia Branch, Society of Construction Law Hong Kong (SCLHK) and Hong Kong Mediation Council (HKMC). Justin is also a regular speaker on topics such as unforeseen ground condition claims, construction law, dispute avoidance & resolution and networking/soft skills.

Lam is currently General Manager of D-Reality Consultancy Limited. He has assumed the role in engineering surveying in many significant infrastructure project: Hong Kong International Airport, West Rail Project, Hong Kong Shen Zhen Western Corridor, Venetian Orient Cotai Parcel 5 & 6 (Macao), Express Rail Link (XRL), CEDD Liantang C3 project and MTR Kwun Tong Line Extension (Whampoa Station and overrun tunnel).

Lam has been Chairman of The Hong Kong Institution of Engineering Surveyors (HKIES) since 2008, and Council Member of Land Surveying Division of The Hong Kong Institute of Surveyors (HKIS) since 2014. He has special interest in emerging surveying technologies and developing their potential for use in the construction sector. LAM has been invited by many professional organisations as a speaker on the relevant subjects.
