### **Abstract:**

Lawn Bowl has become a popular pastime around the world. It has been regarded as a suitable sport for everyone. During the lawn bowl exercise, muscles of the whole body are driven by properly soft and low impact movements. Lawn bowl is also regarded as "easy to learn and difficult to master". Due to the route of the roll ball from player stand to the target ball is not a straight line, it produces angles and trip of composite calculation. In addition, by the effect of ground resistance on different venues, target ball will be laid out or pushed to indefinite location. Players' mentalities are required to be attained at high level as well as their skillsets.

### **Notes and Requirement:**

- ◆ Class size: 15 persons (max.)
- ◆ 8 years old or above
- ◆ Sport shoes or lawn bowl shoes should be wore
