## Special highlights

---

- Surveyor Day 2011

## Surveyor Day 2011

The Surveyor Day 2011 was successfully held on 17 November 2011 at Golden Palace Seaview Banquet Hall in iSQUARE. With the attendance of 400 members and friends of the surveying industry, no walk-in could be accepted in this full house Thursday night. Numerous souvenirs such as HKIES tea cakes, cup cap (sponsored by Spatial Technology), red packets (sponsored by Topcon) and calendar (sponsored by Topcon) were placed on each table for the attendees to take away.

The dinner was called at around 8:00 pm and continued with delicious food followed with games and lucky draw throughout the night to bring a fun and enjoyable evening to all members. It was a very successful night and many thanks to all sponsors, members and volunteers for assisting with various tasks before and throughout the evening. Finally, special thanks to everyone who attended the Surveyor Day 2011.

Surveyor Day 2011 was so unforgettable, thus several parts were highlighted as below. Please enjoy! By the way, don't miss any of our up-coming events, stay tune!

### **Sponsors**

12 sponsors kindly gave us the contribution for the Surveyor Day 2011. They were:

- Allsports Co., Ltd
- Autodesk Far East Ltd
- Bentley Systems Hong Kong Ltd
- Concordance Engineering & Surveying Service Company Limited
- Dell Hong Kong Limited
- Engineering Surveys Limited
- ESRI China (Hong Kong) Limited
- Leica Geosystems Ltd
- Spatial Technology Ltd
- Topcon Beijing (HK) Ltd
- Viewbond Hong Kong Limited
- YSF Corporation Ltd

**Drinking Contest**

<Men's Drinking Contest Winner – Michael Wong>

"I got KO by others last year! I swear,  
I will never lose again!"

"This year, many young guys,  
I better warm up first!  
Jump, jump & jump!"

"Ha ha, nobody sees me, I  
jump the gun!"

"I'm the King of the Beer!!!"

<Lady's Drinking Contest Winner – Fancy Wong>

"What happen? Why the temperature suddenly so hot??"

"Oh I know! Beautiful ladies on stage!  
Wow! Wow!"

“Easy win! Hey girls, want to KO me?.....next year...maybe!!”

**Hot Promotion**

Dell provided a bundle package to HKIES member (Civil 3D + Work Station). Others hot promotions will be coming soon!

**Lucky Draw**

This year, the theme was “Japanese Style”. The cost for the prizes was over \$10000. 1st prize was 2 buffet vouchers of W Hotel.

**Ladies In Engineering Surveying**

Are there any lady working in engineering surveying industry? Get the answer by yourself!!

*Unforgettable Moment*

## HKIES reaching out

13th December 2011, The Secretary General, Mr. Simon Ip, and The Director of Social Affairs, Mr. Morris Ng, represented HKIES to attend the Annual Luncheon of Hong Kong College of Technology (HKCT).

## Enhancing Land Supply Strategy: Reclamation and Rock Cavern Development

The Hong Kong Institution of Engineering Surveyors is used to proactively provide Hong Kong Government our professional opinion and helping the Government in policy planning and performance. Therefore on 29th November, the institution has sent our Chairman, Mr. Lam Lit Yin to attend the Focus Group Meeting - Enhancing Land Supply Strategy: Reclamation and Rock Cavern Development which organized by Civil Engineering and Development Department (CEDD). In the meeting, Mr. Lam has brought out our opinion as listed below:

- 1) We suggest to establish a Centralized Geospatial Information Record. It is to keeping all the As-built Record of Hong Kong Civil Construction Project for purpose of continue planning and construction development.
- 2) We encourage Government to provide more promotion and explanation to the general public in order to avoid the Rock Cavern Development trigger anxious and to raise dispute among Government and Land Owner.

## 香港特別行政區 2012-2013 年度財政預算案

因應市民生活負擔沉重，與及建築業的長遠發展，香港工程測量師學會 (HKIES) 曾就 2012-2013 年度香港特別行政區財政預算案向特區政府提出下列建議：

1. 不再實施類似「\$6,000計劃」之全民派錢方案
2. 增加基本免稅額
3. 增加與「持續進修」相關之預算：
  - 3.1. 提高個人進修開支免稅額
  - 3.2. 增加持續進修基金資助金額至每人\$20,000
4. 保持長期、穩定及持續的公共工程開支預算，及改善建築業界就業不穩定的問題。
5. 公平對待業主及租客，應將「居所貸款利息的稅項扣除」伸延及更改為「居所支出」的稅項扣除。

## CPD Function Report

**Topic:** New Generation Photogrammetry-Using unmanned aerial vehicle (UAV)  
**Date:** 24th October, 2011;  
**Venue:** Hong Kong Polytechnic University;  
**Speaker:** Mr. B.J. Mak;  
**Reported by:** Joyce Hung (CPD Function Convenor)

*The speaker,  
Mr. B.J. Mak*

*A seminar organized by the HKIES on a topic of "New Generation Photogrammetry – Using unmanned Aerial Vehicle (UAV)" was successfully held on 24th October 2011. The speaker, Mr. B.J. Mak, who is the Managing Director for DimOrient Limited, Director for V Mode Limited and COD of Lao Champa Internet Con Ltd., introduced the UAV system.*

*As a whole, unmanned aerial vehicle UAV can be classified into three different types: fixed wing, rotate wing and no wing. Among them, no wing UAV will be more suitable for developing countries. This is because the operation cost is much lower than the others. Based on the case in Lao, no wing Blimp type UAV for low elevation aerial photo capturing was being discussed and explained in detail.*

*Participants are concentrated  
on the seminars*

*Blimp type UAV is more cost effective to purchase and easy to operate than the fixed or rotate wing types. Its low elevation flight results in higher resolution photos when compared with satellite images.*

*Our former president  
Mr. Nelson Ho passed  
the Souvenir to the  
speaker.*

*Unfortunately, this type of system is not suitable for use*

*in some places where skyscrapers are all around. Therefore, implementation in Hong Kong seems not feasible.*

*Blimp type UAV in  
Lao*

## Member Social Function Report

**Topic: Leather Workshop DIY - Leatherism Report**

**Date: 29<sup>th</sup> October 2011**

**Time: 19:00 – 22:00**

**Venue: 4/F, No. 234 Sai Yeung Choi Street South, Kowloon**

**Speakers: Michael Chan and Isa Lai (Leatherism)**

“Leather Workshop DIY - Leatherism” organized by the Hong Kong Institution of Engineering Surveyors (HKIES) was held on 29<sup>th</sup> October, 2011. Workshop teachers - Michael & Isa taught us how to make leather products with different tools and materials. All participants learned the elementary skills on DIY leather products. Everyone created his/her unique masterpiece with genuine leather and took it home after finished. All of us enjoyed an amusing night!

*Reported by Joyce Hung – CPD Convenor*

*Group Photo for the leather workshop*

*All Participants worked on their masterpieces*

*Some finished DIY products*

**THE HONG KONG INSTITUTION  
OF ENGINEERING SURVEYORS**

The Hong Kong Institution of Engineering Surveyors was founded in 1995, the principle objective is to promote and advance the professional status of the Engineering Surveyors. In order to enhance the continuing professional development of the members, the institution strives to organize and sponsor functions, seminars, and activities in connection with the civil engineering industry.
