

香港工程測量師學會  
THE HONG KONG INSTITUTION  
OF ENGINEERING SURVEYORS

14-12-2015

Dear Members,

**Membership Fee Increase**

The Council of The Hong Kong Institution of Engineering Surveyors (HKIES) has approved a fee increase for various membership categories from the 2016/17 year. It is necessary for HKIES to increase its membership fees to offset rising costs and prepare for the future. This increase reflects the impact of the rising costs during the previous 10 years for which there has not been any fee adjustment.

Below please find the details of membership fee increment from Year 2016/17.

<b>Membership Grade</b>	<b>Current Fee (HKD)</b>	<b>Revised Fee from 2016/17 (HKD)</b>
Fellow	800	1,000
Member	500	600
Associate	300	400
Licentiate	300	350
Student	100	100

Thank you for your support to HKIES!

***Morris Ng***

Financial Controller (2015-2016)
